Cooking
Curriculum Activity Risk Assessment

Introduction
Camp cooking takes place in the Picnic Area at Bunyaville Conservation Park. In this activity, students work in small groups preparing food at picnic tables and observe cooking over a camp fire. **Note: At no time are children permitted to tend or cook over the fire.** Please read this risk assessment in conjunction with Picnic Area Curriculum Activity Risk Assessment.

Hazards
- Illness caused by lack of hygiene.
- Burns from fire or hot equipment at barbeque/camp fire.
- Injury from preparation equipment.

Risk Control
- Visiting Teachers are required to attend a pre-visit session where the safety issues and basic student requirements (adequate adult supervision, protective clothing, sun-screen, insect repellent and water) are discussed. Special needs including medical conditions and any known allergies, especially food, are listed on the Pink Student List Sheet given to Centre Staff by the Visiting Teacher on excursion day. These are carried throughout the day.
• First aid kits are carried by Centre Staff, fire blanket is on hand.
• Students are instructed to wash hands.
• Students receive instruction about safe handling of equipment.
• Students receive explicit instruction in safety to control group behaviour and individual movement.
• Centre Staff show students marked out of bounds area around camp fire and instruct students and adults where to stand when observing camp fire cooking.

Location Specific Notes
Centre Staff have:
• Cleaned food preparation area.
• Checked that equipment is in safe working order.
• Marked out of bounds area on ground around the camp fire.

Leader Qualifications
• All supervisors/adults/students are under the direction of a registered teacher who has experience working in the environment and familiarity with this program.
• All Centre Teachers hold a Certificate IV in Outdoor Recreation SRO40206.
• All Centre Field Staff hold current senior First Aid Certificates.
